SOCIAL SUPPORT

Delivering programs that matter to you!

Our Focus

Our programs focus on healthy ageing, whilst assisting individuals to live independently for as long as possible. We take a person-centred approach and offer flexibility within our programs. Our assessment process is designed to discover how we can tailor our services to meet your individual needs.

Our programs are suitable for all ages and provide an opportunity to celebrate your culture in your way, in a safe and welcoming environment.

Individual Support

Our Social Support Team offer welfare checks (via telephone and home visits) to individuals who are socially or geographically isolated, frail or living with a disability. We offer support navigating My Aged Care and assistance accessing aged care services. **This is a free service.**
